#### THE "AUTO" LAW

#### Make Up Your Mind That the Motor Will Stay

Rural folks seem to have an antipathy and aversion for the up-to-date Twentieth Century automobile; in fact, they are impressed with the erroneous idea that this modern machine has no right to the public highways guaranteed to them by law; all of which is a great mistake. In the Acts of 1904 there is a law which regulates and defines the running of motor

and fixing a penalty for the violation thereof. The law limits the rate of speed to 15 miles

vehicles upon the public highways of the state

Upon approaching a crossing or intersecting public highways or bridges or a sharp curve or a steep descent, the operator shall have the motor under control and operate it at a rate of speed no greater than six miles an hour.

Upon approaching a person walking in the roadway of a public highway, or horse being ridden or driven thereon, a person operating a motor vehicle shall give warning of its approach by signaling with a horn, bell or other device, and shall bring same to stop if apparently necessary for the safety of such person or animal, having due regard to safety of the passengers in said motor vehicle.

The operator shall, at request or on signal by putting up the hand from a person riding or driving a restive horse, bring his machine immediately to a stop; if necessary he shall reasonably turn to the right of the center of such highway so as to pass without interference. At the intersection of public highways he shall keep to the right of the intersection of the centers of such highways when turning to the right, and pass to the left of such intersections when turning to the left. He shall exhibit during the period necessary, from or after sunset until not necessary before sunrise, a white light visible within a reasonable distance in the direction toward which the vehicle is proceeding, and red light in reverse direction.

It will be seen from the above that the automobile has rights governed and regulated law and furthermore that it has come to stay.

#### HIGHEST PRAISE

Some Maysville Citizens Grow Enthusiastic on the Subject.

The praise of the public Is merit's just reward. Nothing in modern times Has received the praise accorded "The Little Conqueror.

Of some kinds of praise we are skeptical. We doubt the praise of strangers. The highest praise for Maysville public Is hearty expression from Maysville people. Doan's Kidney Pills are indorsed in Mays-

No better proof of merit can be had. Here's a case of it. We have plenty more

James D. Tolle, clerk at Wood & Bros. meat market, and living at 117 Short St., Maysville, Ky., says:
"I was troubled a great deal for some time

with constant heavy pain in the small of my back and over the kidneys. At times it was so bad that I could not stoop to sit down or get up without much difficulty. The action of the kidneys was noticeably weakened and passages of the secretions were too frequent, and there was a scalding burning sensation at times. Hearing of Doan's Kidney Pills I began using them and finding great benefit, continued the treatment until I had taken one or two boxes more and was thoroughly cured of all my troubles. I have never had the least bit of suffering from my back or kidneys since. I give all the credit to Doan's Kidney Pills and feel justified in strongly recommending them to others."

Plenty more proof like this from Mayavilla people. Call at J. James Wood & Son's Drugstore and ask what their customers report. Forsale by all dealers. Price 50 cents a box Foster-Milburn Co., Buffalo, N. Y., sole agents

Remember the name-Doan's-and take no substitute.
